

Professional Development, fully funded Specialist Cohorts

With the *National College of Education* and *Laurus Institute*.

The National College of Education is delighted to be working in partnership with Laurus Institute. Together we are bringing fully funded leadership programmes to the Greater Manchester region and beyond. Programme fees are met by your apprenticeship levy contribution, meaning that as the learner, you'll pay absolutely nothing.

The NCE has specialist cohorts across its three leadership programmes with enrichment from sector experts. The support you will receive is unrivalled, with many of the NCE tutors highly-experienced former school leaders, whose single goal is to see you achieve.

Since the NCE's inception in 2017, it has welcomed over 3,000 learners to its programmes from schools across the UK, creating one of the biggest movements in school leadership history.

Do you want to join us?

Use the link on each cohort below to access the specialist page where you can find out more and apply online.
